

Historic Records for Ardagh and Moydow Parish

If you are looking for historic records in Ardagh and Moydow Parish, there are lots of online resources that can help:

- **Ardagh and Moydow Catholic Parish Records** : <https://registers.nli.ie/parishes/0143>

The parish records have been scanned by the National Library of Ireland and are available online. You can scroll through the pages of the Registers as if you are reading the books. Unfortunately you can't search for relatives on this site (you may be able to do that with one of the genealogy websites like Find My Past or Ancestry).

- **Parish Cemeteries**

On the website, Find a Grave, volunteers photograph graveyards and cemeteries throughout the world. The graveyards of Ardagh and Moydow are partially documented and you can find them here. You can search for individuals or scroll through and look at the headstones that are photographed.
